

THE LEHI BANNER

VOLUME XXII

LEHI BANNER SATURDAY, MAY 16, 1914

NUMBER 49

That Military Reserve

ate Holdings Not to Be Interfered With.

The government withdrawal of the 10 acres of land near Lehi for military and target practice purposes, mentioned in our last issue, has caused considerable interest and discussion, about 10,000 acres embraced in the reserve are owned by Lehi people.

Lehi has been made of Adjutant Wedgwood as to what the government intended doing with the land owned within the reserve. He stated that the lands acquired belonged to people and that at present the government had no intention of buying it out, but would possibly make arrangements for the use of the grazing.

There will be much difficulty in using the government lands unless the privately owned land is secured also, by lease or purchase, as the lands selected by private citizens are not with the government lands, being the plots look almost like a checker-board.

If the watering places are owned by Lehi residents and would have to be leased, it has been suggested that the government might lease its lands to the Lehi men in return for the use of the water tracts by the soldiers. This would work out admirably and project would then be a great boon to Lehi instead of a detriment, as at first feared.

Auto-Cycle In Collision

Lehi Man Badly Shaken Up, Automobile Badly Damaged and Motorcycle Demolished.

Peterson's motorcycle was pinned to a big telephone pole on the corner Main and First East streets by Roy Austin's automobile, while Mr. Peterson was hurled headlong through the air into the ditch in front of John Peterson's home.

Mr. Peterson was stunned for a few moments and was greatly shaken up by the fall, but beyond being stiffened for a few days, he will suffer permanent injury. His motorcycle, never, did not fare so well, as the thing left about it was the engine. The front wheel was battered to pieces, the hind one jammed out of shape and the frame badly battered.

Mr. Austin suffered no personal injury, but his car was probably damaged over \$100. One of the big springs broken in two, the axle was badly bent and a lamp was demolished, besides several other minor injuries.

Mr. Peterson was coming from American Fork, going west, while Mr. Austin, going east, was just making a turn north on First East. Mr. Peterson thought that he had plenty of room to clear to the right before the automobile would make the turn.

Austin naturally thought that as he was making the turn up First East, his motorcycle would turn to the left, continue on up Main street, making this he made the turn a little sharper than he would ordinarily, and discovered the crisis too late to stop it, and the result was that an auto caught the motorcycle, the front wheels of the auto so that it ran squarely into the telephone post and the motorcycle underneath.

As the collision came Mr. Peterson was thrown into the air, just missing the pole, and lighting squarely in the ditch on his head and shoulders. Had he struck either the pole or the pavement there would have been a different tale to tell.

POWER COMPANY MAKES INVESTIGATIONS

Mr. E. T. Penrose, a representative of the Salt Lake office of the Utah Power & Light company, has been in Lehi for a number of days visiting all company's patrons and finding out whether they have any troubles and complaints to make. The company has adopted this method of getting acquainted with the people and for learning their wants.

The company is desirous of giving the people the best service possible, and any troubles that Mr. Penrose discovers in his visits will be remedied as early as date, and any troubles that have been brought to the attention of the home office, will also be remedied in the same courteous manner.

Generally Mr. Penrose found the people very well satisfied with the service and will so report to his superiors. He goes to American Fork for similar investigations this week.

LEHI LOOSERS TO PROVE

The Lehi baseball season opened Wednesday between Lehi and Provo. The score was 14 to 5 in favor of the visitors.

The game opened up by Mayo: Gurney throwing the first ball, which was a strike at the Under Jesse Knight and caught by Cunningham W. St. Evans. The fans are yet in doubt whether Mayo Gurney's good pitching or Jesse Knight's poor batting that resulted in the ball being missed.

Both sides played good ball, but the Lehi team showed the results of the long experience. The Lehi team made on largely of men who had been before played in a match game, a bunch of youngsters they surprised the fans, and we want to report right here that there will be a Lehi story to tell when the boys play the little more practice. The Lehi team was timid in taking any chances, and this way missed several runs.

At this way lost at least two runs by reason of the umpire calling a foul when everybody else agreed that it was a fair ball.

Following is the line-up: LEHI. Sabey, C. Thomas; Elliott, J. Elliott; Dorton, Boshard; Cooley, Epperson; Davis, Sheehan; Peterson, C. Elliott; Jackson, E. Elliott; McCarrie, Collins; Zimmerman, Snow.

Successful School Opera

The operetta given by the public schools Saturday night in the Opera House was a decided success, both from the point of attendance and the successful manner in which it was given.

Pumplestikin is a pretty story of a dwarf who, through his wonderful powers, makes Sophia, a miller's daughter, queen to King Cole. Billy Crabbs as the dwarf couldn't have been beaten, and Miss Rena Goodwin as the miller's daughter, and later as queen, showed much musical talent and wonderful ease on the stage.

The acting of Frank Sharp as King Cole was good. He was unfortunate to suffer from the changing of voice just when training for the part. When the parts were first cast he had a fine tenor voice. Amy Davis as the miller's wife and Denzel Brown as the miller were also excellent; in fact, the courtiers, the fairies, the dwarfs, the fiddlers, the drummers, the clowns, and all the dancers and all the choruses were so good that Professor Anderson and all those who assisted are to be congratulated.

Professors Anderson and Hanson are also to be congratulated on the high standard attained by their Junior Band. There are twenty-five pieces in it. This was their first public appearance, and many were the favorable comments made on the pieces played before and between acts.

Bishop James H. Gardner made a business trip to Price Thursday.

MUST CLEAN UP OR BE PROSECUTED

Frank Jordan, state board of health inspector, made an official visit to Lehi Tuesday.

In company with Mayor W. E. Gurney and other members of the local health board, he made an inspection of a good many outhouses, closets and corrals. In a general way he reports having found the town in a clean and sanitary condition, but in quite a number of instances he reported having found conditions quite to the contrary. Some of the corrals were filthy, so much so that it was necessary for the owners to use hip boots in order to milk the cows. These people were notified that conditions must be remedied at once, else prosecutions would be commenced. Besides this the creamery was notified not to accept their milk.

Certain owners of unsanitary closets were also notified that they must clean up or be prosecuted.

Mr. Jordan will make another visit within the next ten days to see if the unsanitary conditions have been remedied.

Generally the citizens are waking up to the necessity of maintaining more cleanly conditions, and Mr. Jordan reports that in all the towns throughout the state there has been great improvements made in recent years.

INSTALLS PUMPING PLANT.

Bishop James H. Gardner this week received a twenty-horsepower electric motor and centrifugal pump, which he will install on his Pawnee fruit farm over Jordan river.

The plant will have a capacity of lifting two second feet of water through a twelve hundred foot pipe, the lift being a little over thirty feet. Twelve inch wood stave pipe is being used, of which a carload was received Monday.

The source of water supply will be a series of springs and flowing wells which flow into a pond near his ranch house, where the plant will be installed. The system will irrigate 100 acres of the bishop's ranch lying next to the river.

Imported stock of seed potatoes at People's Co-op.

EIGHTH GRADE GRADUATES.

One of the largest classes that has ever graduated from the Lehi eighth grade was the class that passed successful examinations this week. Most of them will enter high school next year. Following is the list:

Alta Bateman, Lela Cutler, Ruby Lorton, Thelma Goodwin, Fern Hanson, Della Harvey, Helva Harvey, Rosella Johnson, Gladys Norton, Bertha Powell, Leslie Russon, Retta Roberts, Iva Smith, Myra Thomas, Hattie Wing, Fern Brown, Mima Child, Ella Peterson, Myrtle Snulin, Mabel Burns, Zelma Zimmerman, Florence Thrasher, Clara Clark, Clara McCann, Erma Gordon, Marguerette Holquist, Ethel Southwick, Rhoda Butt, Sylvia Webb, Leah Whipple, Gwen Yates, Marie Turner, Arnold Beck, Jesse Barnes, Denzil Brown, John Brems, Shirley Hatchler, Hugh Broadbent, Heber Davis, Forrest Fox, James Gough, Charles Olson, Carl Pearson, Oral Rolf, Frank Sharp, Charles Southwick, Sylvan Wandless, Leon Whipple, Oscar Gurney, Frank Johnson, J. S. Taylor, Alvin Jackson, Leon Taylor, Roger Gordon, Clarence Gurney, Bennie Russon, William Crabbs, Bruce Willis, Francis Goates, Suel Bushman, Glen Clark, Maurice Davis, Willie Jones, Denzil Kirkham, Shirley Giles, Kerren Turner, Francis Wilcox and Foster Merrill.

New Paving District

City Council Lays Out Paving District No. 2—Votes Help to the Baseball Team—Votes Improvements in City Cemetery and Decides to Have a Sanitary Town.

The city council held its regular session Tuesday evening. Councilman Gilchrist, who was ill, was the only one absent.

James Carter asked for relief from paying license for running picture shows in connection with his dance hall. Referred to committee to investigate.

David Firmage and Preston Tidcomb asked for extension of water mains to their homes and offered to give \$40 and dig the trenches. Petition was granted.

Representatives of the baseball club asked that certain concessions be granted them. The club was granted the free use of the ball grounds at the City Park and were voted \$50 as a loan in entering the county league.

Dr. Hasler stated that Mr. Brown, representing the State Board of Medical Examiners, was in Lehi, and asked that the city take steps to discourage the practice and sale of medicine by fakers.

A new paving district was laid out and will be found in another part of this issue. There was considerable discussion and certain changes suggested. Notably the discussion took up the inclusion of the district on the state road from the bank to Thomas Russon's, and the leaving out of Second West from the Orem depot to Main street, and two blocks from Felix Long's to George Kirkham's place.

These changes had been made against the protest of the committee chairman and during his absence. The ordinance, however, stood as passed at the last special session.

The high school offered to lend 500 of its library books to the city during the vacation season. The offer was accepted and some extra shelving will be put in the city library.

The committee on cemetery reported that there are seventy fences that surround lots in the city cemetery. The council voted to try and persuade the owners to remove the fences. No objection will be made to using a cement coping in place of the fences.

The city marshal was instructed to see that certain unsanitary conditions of corrals and outbuildings were remedied.

A resolution was passed borrowing \$4,000 from Joel Mears for three years at 7 per cent interest. The usual bills were allowed, aggregating \$224.11.

KICKED IN HEAD BY STRAY HORSE

Monday, while the three and one-half year old baby boy of Mr. and Mrs. William Asher was playing on the sidewalk on Fifth West street, just south of Main, he was kicked in the head by a stray horse and came near losing his life.

Mrs. Rockwell picked the little fellow up as he lay helpless, strangling with blood, and had it not been for her timely arrival the lad would have suffocated.

He was rushed to the Lehi Hospital, where a doctor sewed up the wound, which was almost directly over the temple, and the little fellow is now out of danger.

The horse that caused the accident was roaming at will, grazing on the sidewalk, and the baby knew no better than to play with it. While going to the hospital several other stray animals were seen loose on the streets. This is a practice altogether too common, and if not checked will some day result in other accidents, probably more fatal.

Prices Count THE PLACE TO DO YOUR SHOPPING IS AT

BROADBENT'S

We Offer: SUGAR, PER SACK, \$4.85; RICE, PER POUND, .50; TOMATOES, 3 CANS, .25; CORN, 3 CANS, .25; PEAS, 3 CANS, .25; MUSTARD, 3 FOR, .25.

That's all. We do the rest. Storage Rates Now On.

COMMENCEMENT EXERCISES LEHI HIGH SCHOOL.

The sixth annual commencement exercises of the Lehi High School will be held Thursday evening, May 21, 1914, at 8 o'clock, in the Lehi Tabernacle. The public is cordially invited. Following is the program:

"Gypsy Song," High School Choir; Invocation, "O, My Those Tears," Trio; Oration, Class Representative, "Married," Taylor; "Song of the Whippoorwill," White; "Double Mixed Quartette," Oration, Class Representative; "The Rosary," Novin, Ladies' Chorus; Address to Graduates, "Dr. G. H. Brimhall, Pres. B. Y. U.," "Good Night," White, Male Chorus; Presentation of Diplomas, G. A. Goates; "Till We Meet Again," Bailey; High School Choir.

POWER POLES TO BE SET IN CONCRETE

Mr. Dewey was in town this week making preparations to place cement around all the interurban poles that line both sides of Third North street, and which will carry the electric wires of the railroad.

The poles are placed seven feet in the ground. A space twelve or eighteen inches will be dug around every pole through the city to a depth of four feet. This will be filled with concrete for two purposes. First, for the purpose of making the poles last longer, and secondly, to give them greater resistance against being drawn toward each other when the tight wires are played on them, which will carry the heavy trolley wire.

It will require about 100 yards of gravel to set the poles in Lehi and double this amount in American Fork, as each pole will require two cubic yards. Work on cementing the poles will commence within a few days.

Place your order for coal now. Summer storage rates now in effect. People's Co-op. 16-17.

PEACE MEETING SUNDAY NIGHT

A peace meeting will be held in the Tabernacle tomorrow evening. It will be under the auspices of all four wards. A special program has been arranged for. Prof. W. Karl Hopkins and Hamilton Gardner will be the speakers.

CARD OF THANKS

We desire to thank all who so kindly gave us assistance and sent flowers and otherwise showed their friendship in the sad hour of illness and demise of our husband and father—Mrs. Robert Garry and Family.

I have been all over town and looked at graduating suits, but I thought I would call on Chipman's. I found there what I wanted. They have all the rest "skinner a mile." 16-17.

TEACH PRACTICAL PATRIOTISM

Community Development when boiled down will be found to mean unselfish good citizenship. It will be found to mean just the things that the great Kansas Editor meant when he wrote the following paragraphs: "If we who live in these small towns in America cannot see that our duty to our country lies first of all in our duty to our neighbors, then we are blind indeed to the basis of real patriotism, for after all patriotism is only neighborly kindness. Patriotism is not in cheering for the flag; it is not in feeling our eyes filled with emotional tears at hearing 'The Star Spangled Banner,' patriotism is just old fashioned human duty."

"To sacrifice our neighbor—the man who helps the town with his taxes, with its public business, with its myriad activities for neighborly righteousness—to sacrifice that man and his business for the mere sake of saving a dollar on the purchase of a hundred dollars' worth of goods is just as unpatriotic as it is to spit on the flag."

"For the flag if it means anything means the golden rule; the flag means friendly burden bearing; it means mutual help in trouble; it means standing together against common foes. The motto of the mail order house is every man for himself and the devil take the hindmost—and you bet the devil will."

"That spirit never fails to work; and the weak man, the unprotected man, the man alone—the man on the farm, at the end of the fact, when his farm market is gone, when the spirit of selfishness and greed has left this country cold and hard and mean and neighborless—the farmer will be the hindmost."—Wm. Allen White.
